

Chapter 1: Foundations

All warfare is based on deception.

Therefore, when capable of attacking, feign incapacity.

When near, appear far; when far, appear near.

Chapter 2: Strategy

Supreme excellence consists in breaking the enemy's resistance without fighting.

Hence to fight and conquer in all your battles is not supreme excellence.

Know thy enemy and know thyself; in a hundred battles you will never be defeated.

Chapter 3: Logistics

An army marches on its stomach.

The line between disorder and order lies in logistics.

Move not unless you see an advantage; use not your troops unless there is something to be gained.
